GSRJ SHIPYARD.

GSRJ is located in a sheltered area of Kingston Harbour, only 5 minutes away from the Norman Manley International Airport and 10 minutes from the major shipping ports in Kingston. GSRJ's Special Economic Zone status ensures swift and timely custom clearance processes for the import of any spare parts. Rooted in years of experience in mobile repair activities in the region, GSRJ has expanded its scope of services to include docking, repair and maintenance services of cargo vessels up to 230 meters length, 33 meters width and 20,000 tons displacement, performing Annual, Intermediate, and Special Surveys.
